

Snow Lovers Paradise | 7 Day Winter Vacation

Winter in Golden Kicking Horse Country means an abundance of fine champagne powder, clear skies and lots and lots of fun.

DAY 1: Get ready for a real mountain experience

You'll find a wide variety of accommodations for your stay in Golden, including ski-in condos, luxury vacation homes, hotels, bed and breakfasts, and cabins and chalets for a truly authentic mountain experience. After checking in you could be firing up the hot tub and soaking away the journey. Head out to one of the many restaurants or pubs for a great meal.

DAY 2: Champagne Powder at Kicking Horse Mountain Resort

There's endless fun on the powder or the groomers at Kicking Horse Mountain Resort. Work up an appetite for lunch with stunning views at the Eagles Eye Restaurant. Check out the apres scene at the resort, or head downtown to see the Kicking Horse Pedestrian Bridge, the longest free-standing timber frame bridge in Canada, followed by a bite to eat in one of Golden's great restaurants or pubs.

DAY 3: Get the Big Mountain Experience

Experience Kicking Horse Mountain Resort from a locals perspective! The guides at the Big Mountain Centre will show you how to maximize the terrain and find those secret powder stashes.

DAY 4: Count them - 5 world class resorts on your doorstep!

Mix it up with a day at a nearby ski resort. Revelstoke, Panorama, Lake Louise and Sunshine are all less than 2 hour's drive away. Or you may just be tempted back to Kicking Horse Mountain Resort by those stashes of powder and uncrowded groomers!

DAY 5: Get to know a different horse (power)

Take a half or full day guided snowmobile tour with one of the local snowmobile tour companies. Later on, try your hand at curling, or ice skating on one of the local outdoor rinks.

DAY 6: Nordic skiing and snowshoeing at Dawn Mountain

Check out the Nordic ski trails and snowshoeing trails at Dawn Mountain, located at the base of Kicking Horse Mountain Resort. With lessons and equipment rentals available and a cosy lodge to warm up in afterwards, you'll enjoy a more relaxed mountain adventure.

DAY 7: Check heli-skiing off your bucket list

The Canadian Rockies were the birthplace of heli-skiing in Canada, and heli-skiing still makes its home in Golden. It's easy to put that check on the bucket list as you finish with an iconic experience in the high alpine on a guided heli-skiing tour. Endless powder, surrounded by the untamed mountains, will put a smile on your face for a long, long time.
